MATLAB Virtual Lab

Yasser Alginahi posted on May 5, 2023 5:39 PM • ↻ Edited

Hello,

The univeristy provides you with access to MATLAB Virtual Lab . This access is only available during the class time. Outside of class time it is shut off and students will have to go to CEI2105 in person to use MATLAB. The reason we shut it down outside of class time as this lab is remotely hosted and we pay per minute of usage. Please make sure you bring your laptops to the classroom, you will need them to practice some code as well as do the quizzes.

Follow the instructions here to connect in a web browser
